

ISO certification enables companies to:

- improve its image;
- get a competitive advantage when participating in tenders (discounts for each item);
- have a level playing field in international trade;
- increase speed and gain access to new markets;
- have a status of reliable partner / supplier in the eyes of foreign and Russian companies;
- take into account future needs and expectations of customers / partners;
- achieve long-term confidence in the goods, works and services by customers, consumers and business partners;
- dynamic growth in a challenging competitive environment.

Standards ISO 9001 / ISO 14001 / of OHSAS 18001 - is an established set of rules, the implementation of which gives confidence that the organization consistently delivers products and provides services that meet customer requirements and the relevant legal requirements
