

Everything that was created in the society, be it something successful or something which failed, be it useful or harmful, beautiful or ugly, all is the result of intellectual work. Intellectual property (IP) constitutes the right for the results of intellectual work. Both natural and legal entities can be owners of IP.

***Intellectual property*** :

**Industrial property**

**Copyright**

trademarks (service marks)  
inventions  
designs  
useful models  
selection inventions  
topographies of integrated circuits

literary creations  
scripts  
audio-visual compositions  
works of visual art  
software for computers

other works

The Almaty Chamber of Commerce and Industry (ACCI) offers a full range of patent services,

as well as representation and protection of our customer's interests. We ensure high quality, reliability and prompt rendition of the services to our customers. ACCI experts are closely monitoring all changes and amendments made in legislative rules and regulations related to IP in CIS countries and abroad on a permanent basis, and are capable of resolving tasks of any level of complexity in the field of intellectual property.
